Re: Septic Tanks

Dear Miss Henry:

On July 23, 1981, I had a telephone conversation with Mr. Mike Rossini of the EPA. He questioned me regarding the fact that I had marked an X in Item D when completing EPA Form 8700-12 (Notification of Hazardous Waste Activity). Mr. Rossini asked if we were in fact operating an injection well. I explained that we are not. We do have septic tanks at our facility which are used for handling of sanitary waste. In filling out the above mentioned form, I used the instructions on Page 2 which seemed to indicate that a Septic Tank and Injection Well are one and the same thing. Mr. Rossini explained that they are not the same and requested that I write you this letter to clear up this misunderstanding.

I hope that this information will be sufficient to correct your records regarding the type of activity conducted at our plant site.

Our EPA Generators Number is PAD 002343838.

Yours very truly,

QUAKER CITY GEAR WORKS
